## 12/14/01

		T	
	162		164
1	MS. NEWMAN: It sounds to me which toe	1	A. Seeing a second image as a ghost next to the
2	is more effective for your balancing, the middle one	2	first, an outline of a second image.
3	or the one next to it. Go on.	3	Q. Was Mr. Morgan complaining of a ghost image?
4	Q. When you saw Mr. Morgan in March and April of	4	A. Yes.
5	1998 preoperatively, did he have any indication of	5	Q. When was this nuclear sclerosis first detected
6	cataracts in his eyes?	6	by you or anybody else in your group?
7	A. No.	7	A. 3/9/2000.
8	Q. Is it your understanding that Mr. Morgan has	8	Q. And who detected that?
9	developed cataracts in his eyes since his LASIK	9	A. Dr. Herbert Nevyas.
10	surgery has occurred? Your understanding and I'm	10	Q. Can you read what he says about that, just his
11	talking to the period up to the last time you saw	11	handwriting?
12	Mr. Morgan in the Nevyas Eye Associates group, which	12	A. Just his handwriting. "Dilated, some nuclear
13	was about almost two years after the surgery.	13	sclerosis both eyes," then I'm going to have to turn
14	MR. LAPAT: Objection.	14	to the narrative.
15	MS. NEWMAN: I believe it was March of	15	Q. What narrative is that?
16	2000. You can answer.	16	A. Dictated off the chart notes.
17	A. Yes.	17	Q. Is this something that's part of the patient's
18	Q. And would you tell me what you found in terms	18	chart?
19	of his cataracts?	19	MS. NEWMAN: No, it's not.
20	A. "Oil drop nuclear sclerosis, worse o.d. than	20	A. No. "Difficult to evaluate in read reflex
21	o.s., even with hard contact lenses in both eyes to	21	because of LASIK ablation. Ophthalmoscopic
22	neutralize the potential, open quote, oil drop,	22	Examination: ROP," retinopathy of prematurity.
23	closed quote, effect of corneal ablation." What was	23	"Number two, dragged disc both eyes, question of
24	the question?	24	nuclear sclerosis, write to Hopkins, return six

NEWMAN: I'm not sure. They're not part of the chart.</li> <li>DR. FRIEDMAN: Have you indicated to me that you have such things but that you are not going to be producing them and why?</li> <li>MS. NEWMAN: I don't know. There have been a lot of discovery requests.</li> <li>DR. FRIEDMAN: Aren't you supposed to tell me what you are going to produce and why?</li> <li>MS. NEWMAN: I don't know. There have been numerous discovery requests in this case, the hundreds of interrogatories and requests for production of documents, what you have asked for in this case and what my answers have been and whether or not you are entitled to them.</li> </ul>
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	<ul> <li>Q. Where are you reading from?</li> <li>A. My Impression on March 27th.</li> <li>Q. March 27th, 2000?</li> <li>A. Yes.</li> <li>Q. And where is that at, under Impression?</li> <li>A. The bottom of the page.</li> <li>Q. Okay. Finish reading it then.</li> <li>A. "However, laser interferometry and potential acuity meter do not show improved retinal acuity. Cataract surgery o.d. could possibly help visual acuity, but probably no real change. No change in ghost image with hard contact lenses." MS. NEWMAN: Wait one second. Let's take a break. (A break was taken from 3:25 p.m. to 3:30 p.m.)</li> <li>Q. Doctor, you were reading under the Impression about the oil drop nuclear sclerosis. Does that mean a cataract?</li> <li>A. Yes.</li> <li>Q. And had you finished reading what you wrote</li> </ul>	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	<ul> <li>months."</li> <li>Q. Question of nuclear sclerosis.</li> <li>A. No, it doesn't say that. It says, "some nuclear sclerosis."</li> <li>DR. FRIEDMAN: Are you saying that I'm not entitled to have the typed things in my production requests?</li> <li>MS. NEWMAN: I'm not sure. They're not part of the chart.</li> <li>DR. FRIEDMAN: Have you indicated to me that you have such things but that you are not going to be producing them and why?</li> <li>MS.
